EAST ROCKAWAY HIGH SCHOOL

Dear Miss Faucher:

The Class of 1981 wishes to Thank You, our conductor, for your kindness and dedication to our class. Without your help to keep harmony, we could not have made it through these past four years.

There were many times in the past we came to you with our sour notes, but you always somehow managed to sweeten our melodies with your good sense and advice. Like a great concert we are saddened when it comes to an end, but in our hearts and minds there is no end. As music shall go on forever, so will our memories of Miss Faucher and her melodious voice. We applaud you and love you.

With Much Love,

The Class of 1981

"I say Love it is a flower,
and you its only seed."

"It's not time to make
a change, Just relax
and take it easy.
You're still young."

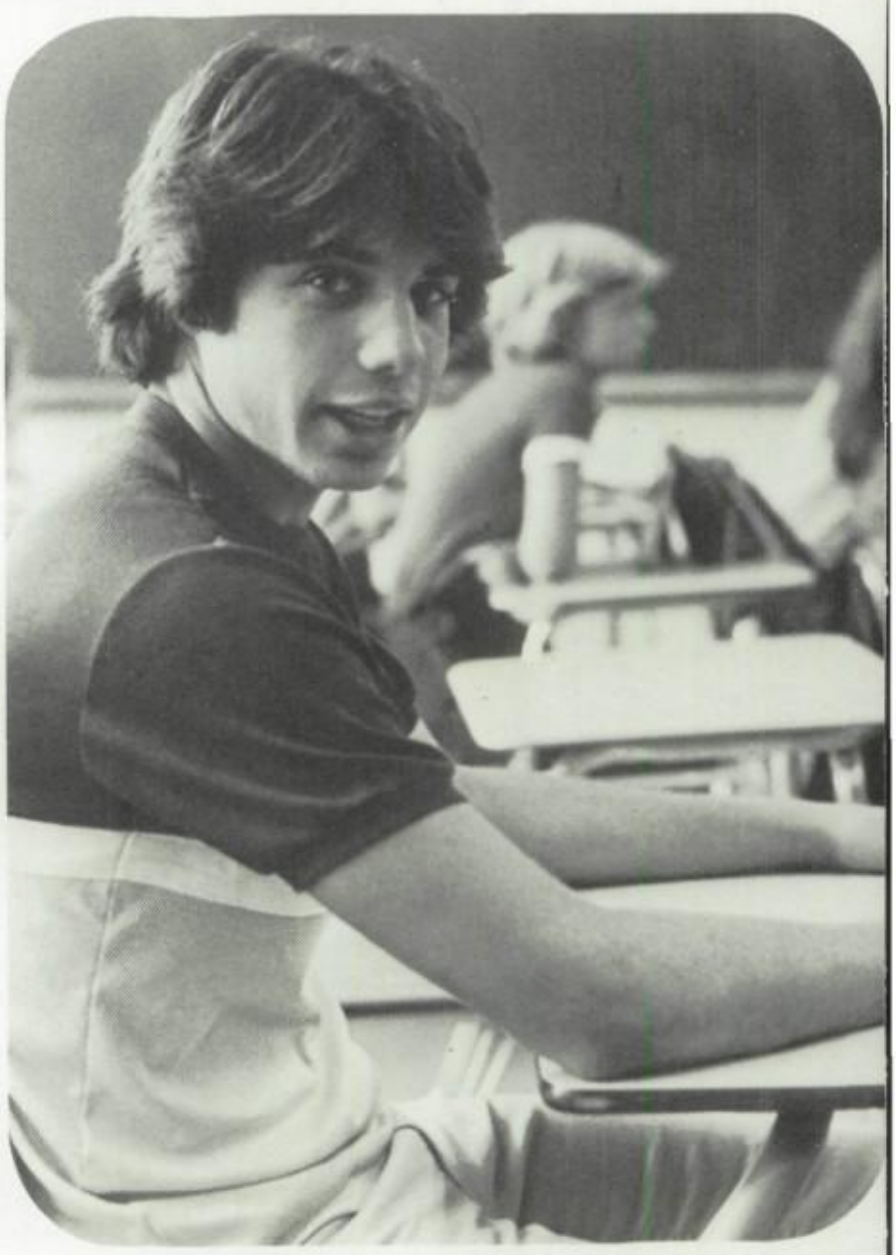
The time spent making decisions, choices, and plans seemed to drag on endlessly. Then the night arrived, carrying with it our anticipation of a wonderful evening and disbelief that our special night was about to begin.

As the limousines pulled to ANTUN'S, couples were led inside where they were served hors d'oeuvres and had their pictures taken. Shortly afterward, the couples were asked to make their way to the beautiful dining hall. The time somehow seemed to fly by, but the breathtaking surroundings and excellent music made this an unforgettable evening of dancing and dining.

Then, fondly, as the last notes of our theme song ended, many couples realized that this type of moment was the kind that makes our high school years "The Times of Our Lives."

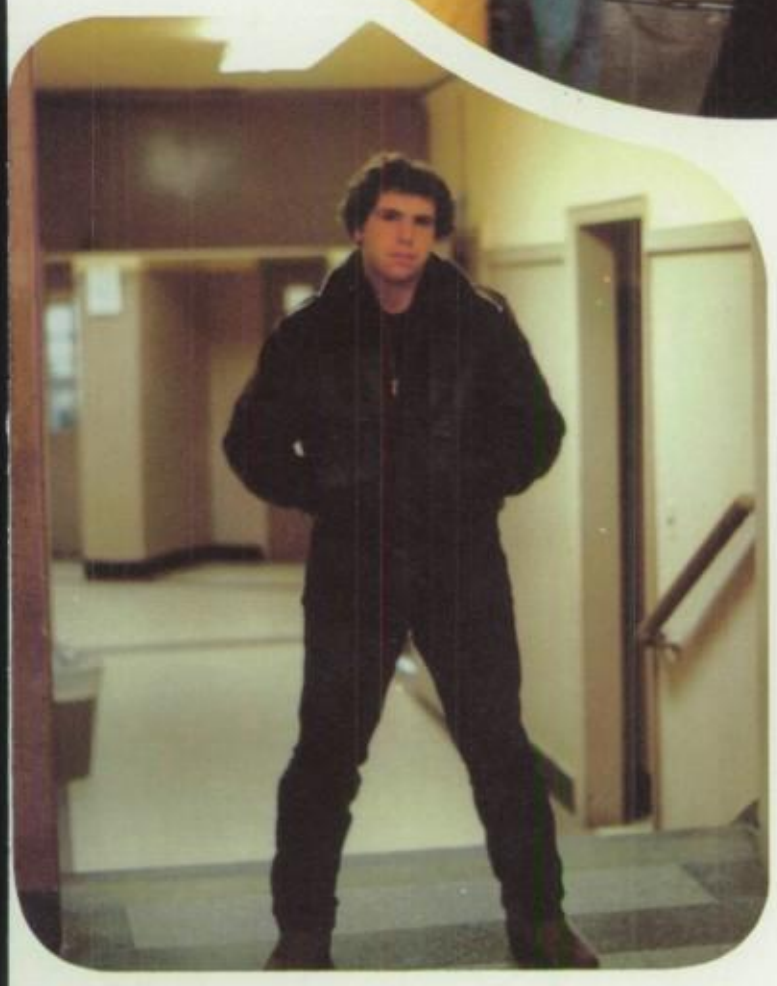
A special thanks must be given to our chairpersons Tara Travers and Barbara Bertocci, and the prom committee without whom this could not be possible.

"Do you remember the times of your life?"



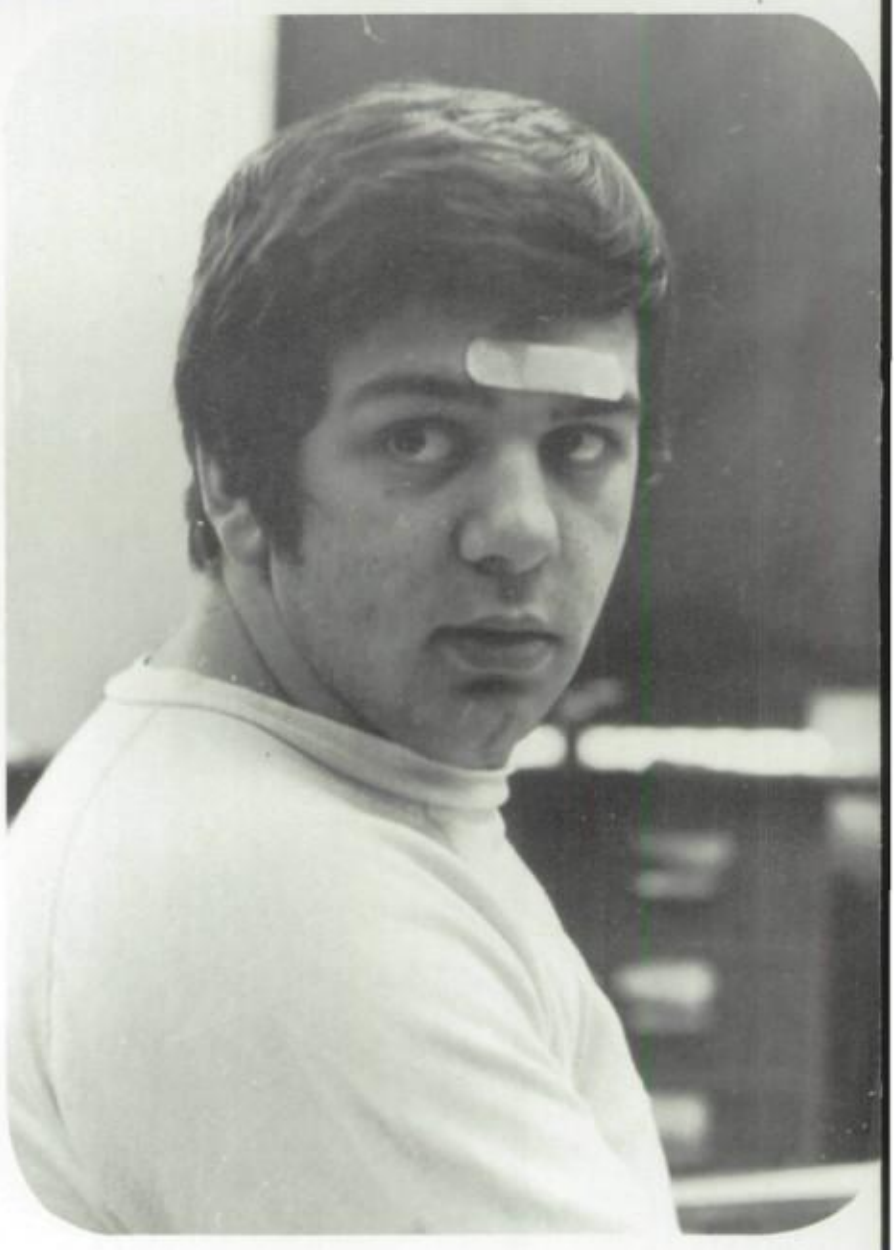
"The secret of life is
enjoying the passage of time."

"Music makes pictures and often tells stories. All of it magic and all of it true, and all of the pictures and all of the stories all of it's magic, the music is you."



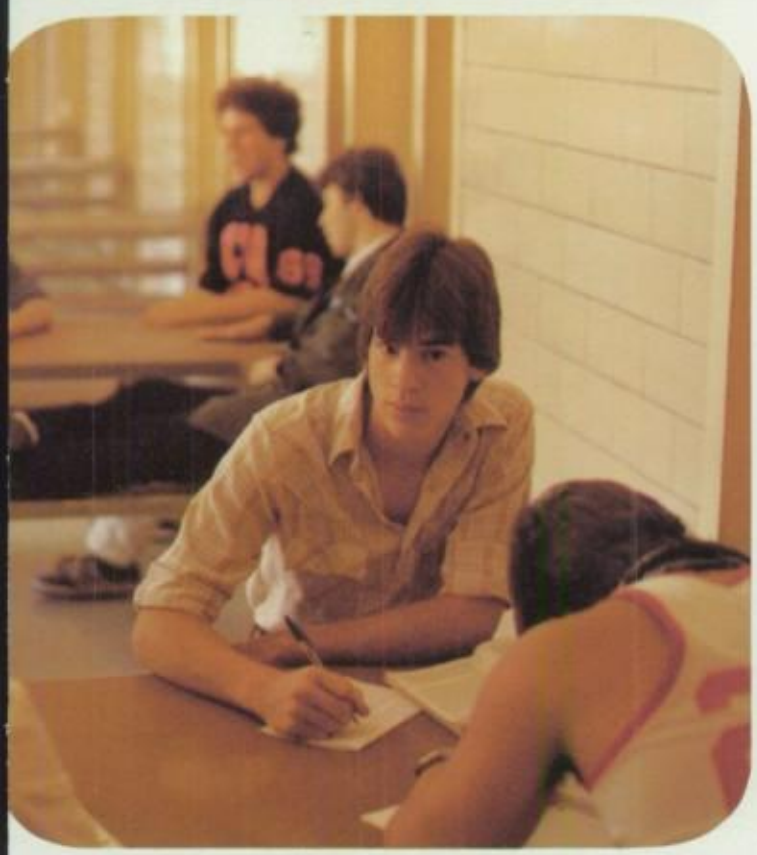
"We may not have
tomorrow,

but we had yesterday."



"Most of life's fun moments are moments spent with friends."

"To be a friend is not easy you see,
a friend is one who shares,



friends can be anyone, anyone who cares."

"We have only just begun,
to LIVE."

"Someday I know we'll live the dreams we left behind."

In a school, and ours is no exception, the students represent the notes in a song. There may occasionally be discordant notes, but the eventual result is harmony.

Since the Class of 1981 feels music is a universal language, it has decided to choose Music as the theme of its yearbook.

If our school can be compared to a theatre, we would want to leave it as we would leave a theatre after seeing a hit musical — happy for the experience itself but somewhat sad the curtain came down.

But the sound of applause lingers on in our hearts and minds, as appreciation for the education we have received, the guidance in our extra-curricular activities, and the lasting friendships we have made.

Just as the Grammy Award is an accolade in the Music World, so we, The Class of 1981, leave our Grammy to East Rockaway High School.

Advisors

To Our Impresarios:

Dear Mr. Severino:

As a song represents its writer's feelings or thoughts, this book represents our feelings and experiences. There is no song to express the appreciation we have for all your hard work. You have guided us through the hard times and you have put up with our sour notes and off beat tempo. When problems arose and our music had no harmony, you set us straight and pulled us through. You have helped to arrange this program and make it an everlasting memory. It is with great pride that we finish this performance and go on to new endeavors. The applause will linger in our hearts, with music and admiration in our minds.

We thank you and applaud you.

Mr. Charles McAnulla
(Advisor to the 1981 Rock)

Mr. Martin Severino
(Advisor to the 1981 Rock)

Dear Mr. McAnulla:

Not only have you brought distinction to THE GULL over the past few years, but your hard work and talents have helped make THE ROCK a.prize-winner also. We cannot leave this school without expressing our sincere thanks to you and our best wishes that future publications of East Rockaway High School will continue to reap the accolades they deserve.

We end by dedicating our "30" to you.

Dr. William K. Louis

Dr. William Louis is the over all business manager of our musical school system; that is to say, he is the Superintendent. It is his obligation to ensure proper facilities, as well as proper musical arrangers, conductors and even the players themselves. We, the players, wish to extend our sincerest gratitude to him for all he has done for us.

Board of Education

The Board of Education is a group of concerned citizens who work with Dr. Louis to improve the conditions of the school. These dedicated individuals have been generous enough to devote a great deal of their time to be sure our music can be played to perfection.

Parent Teachers Assoc.

The Parent Teachers Association is a group of parents who have been kind enough to make playing our music a little more pleasant. They do this through such fine work as the Junior class trip and the Rock Rivalry Journal. Another great thing they have accomplished is the Scholarship award.

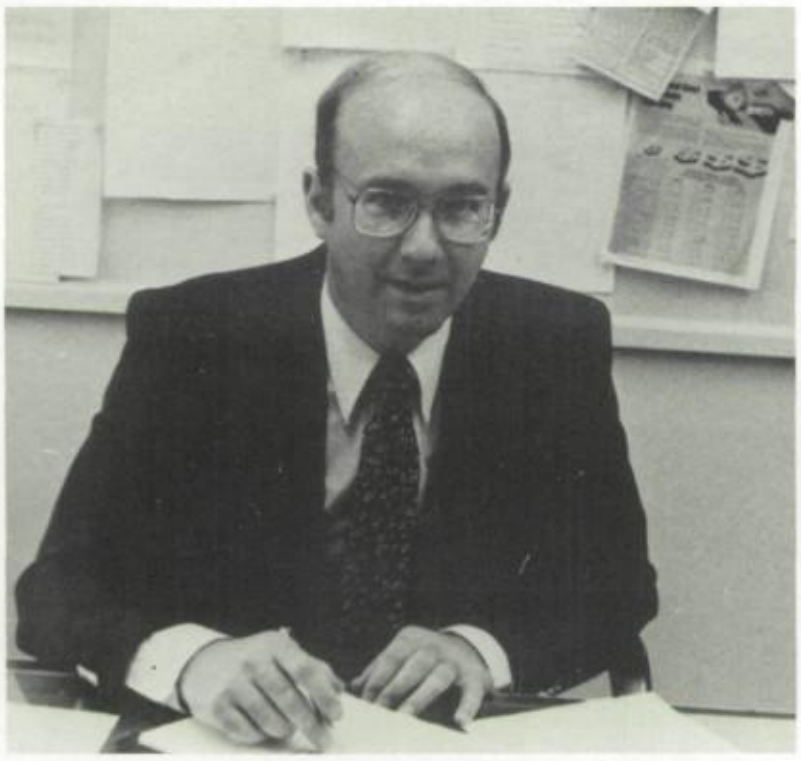
We would like to thank these fine people for making our music sound much more in rhythm.

MR. ROBERT MORSE
(Principal)

Mr. Morse is the producer ot the band. He is one of the most important men involved with the band. He gives advice to the musicians, is the head of all the conductors and enforces all the rules of the school. He is a very busy man and yet he still finds the time to lend a helping hand. He shows concern for each individual musician and treats each as an equal. Mr. Morse is a unique man, and a very extraordinary leader.

MR. EDWARD CROWLEY
(Assistant Principal)

Mr. Crowley does all he can to help make Mr. Morse's job a bit easier. He helps solve administrative and curriculum problems that must be faced each day. He is faced with a lot of hard work, but he always makes it appear that it is easy. If a musician needs a word of advice, Mr. Crowley will be there to lend a helping hand. Mr. Crowley plays a very important part in the everyday life of a musician.



MR. ROBERT PARRY
(Dean of Students)

Mr. Parry is a new addition to the band. If a musician "misses" a rehearsal he must face the consequences Mr. Parry sees fit. He has a very tough job determining a fair punishment for the offense committed. He is always interested in the lives of the musicians and is always available to talk to. We are very proud to welcome Mr. Parry to the Rock Pile and we also wish him many more years of the school. Great Job!!!!

Dear Seniors:

Graduation day will be an occasion for thousands of orators across the country to tell seniors that they are the "leaders of tomorrow" or "our hope for a better world" and so on and so on. Such platitudes have been espoused for generations. In an ever-changing world, such preachments seem to remain constant; perhaps they are even appropriate. The truth of the matter is that we must never lose faith in you, our young people.

It appears that my generation paid little attention to graduation speeches. The world that we've shaped needs your help. Most of our time-honored institutions are in disarray or being seriously challenged. The whole spectrum of our social, economic, and political life requires reevaluation, new approaches to old problems, and strong, inspirational leadership. Our nation's traditional role as the world's most powerful defender of human rights is at stake.

Hopefully, your generation will be prepared to face the enormously complex problems of the '80s and beyond. We believe that your years at East Rockaway High School will provide a foundation on which you will be able to build a rich, full life and, hence, contribute to a better world for yourselves and the generations to follow.

We wish you well in all that you do.

Sincerely,

Robert D. Morse

Throughout the school these wonderful workers are seen trying to make the music organized. They give their time and put their voices to work singing the old school song. Their dedication has made the music sheets stay in order.

Concession Stand Crew

When a musician takes a break the first place he'll head for is the concession stand. There he will find the essential nutrients that will supply the musician with energy for a full day. In E.R.H.S.' kitchen the food is always prepared with the musician in mind. The kitchen crew does not only make the food, they serve it and even keep a look out in the eating area.

"Food Glorious Food"

Roadies

In concerts the people who set up and clean up and do all the essential work to get a concert put on are known as roadies. Well, in E.R.H.S. they are known as custodians. Many times these people go unnoticed but never unappreciated. They help us out in so many ways and without them we would surely be lost.

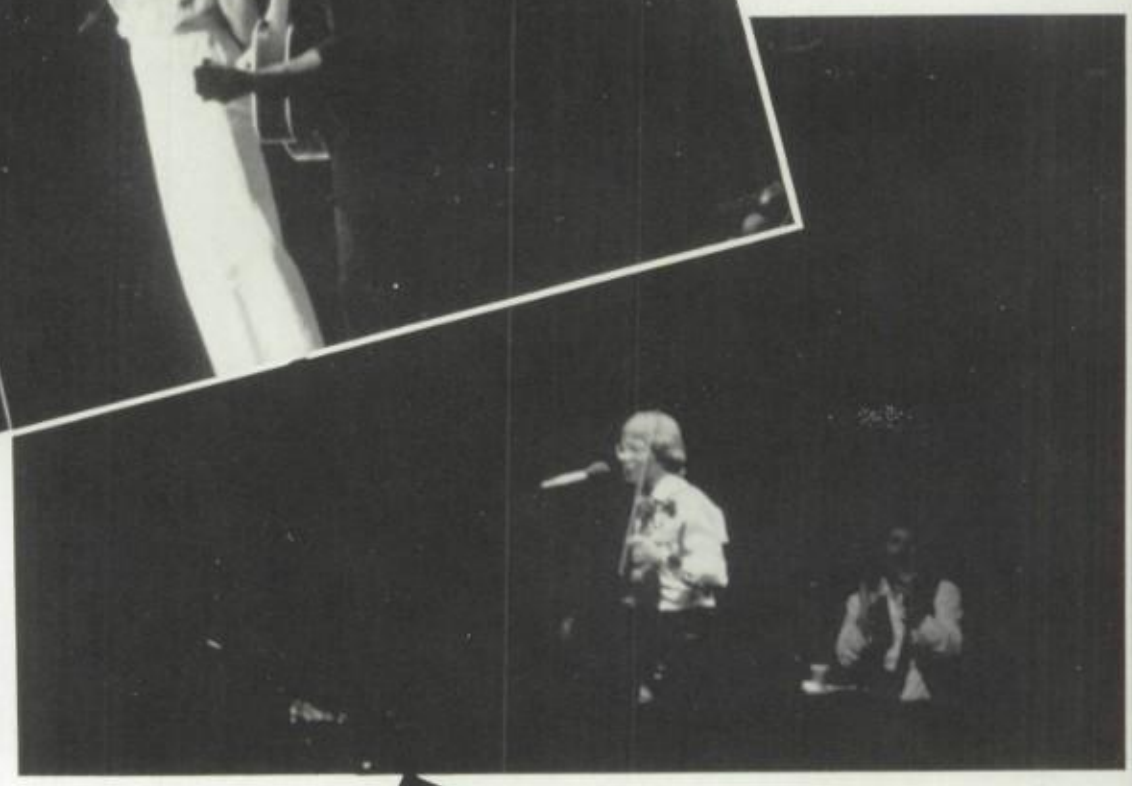
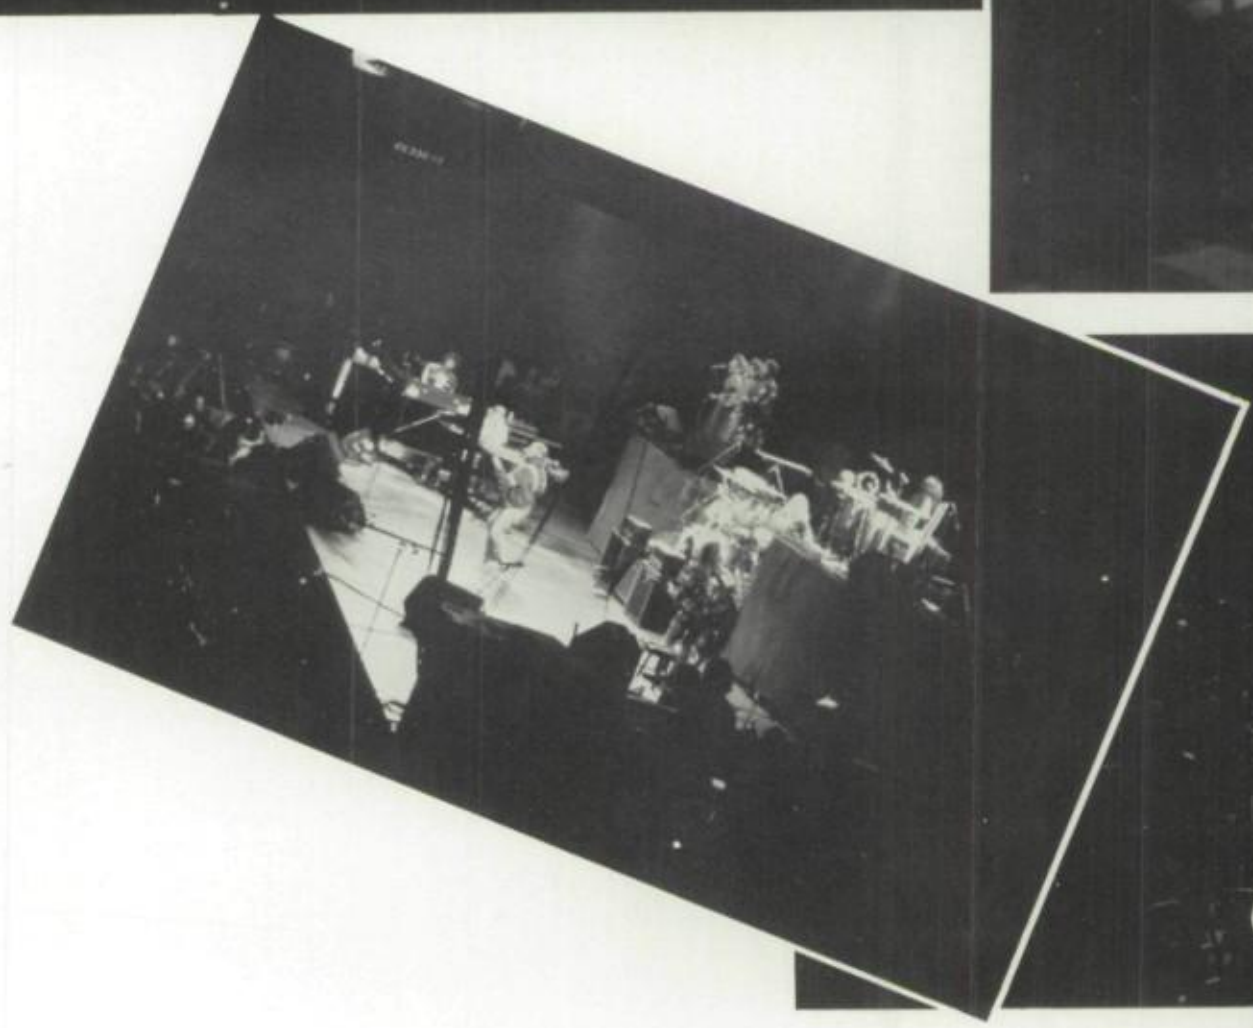
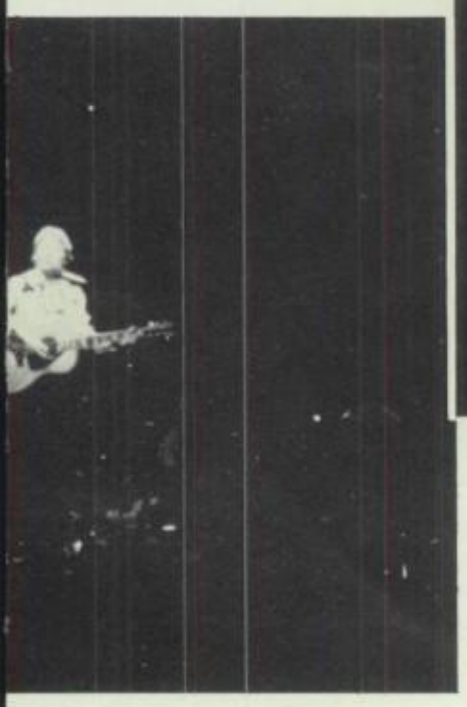
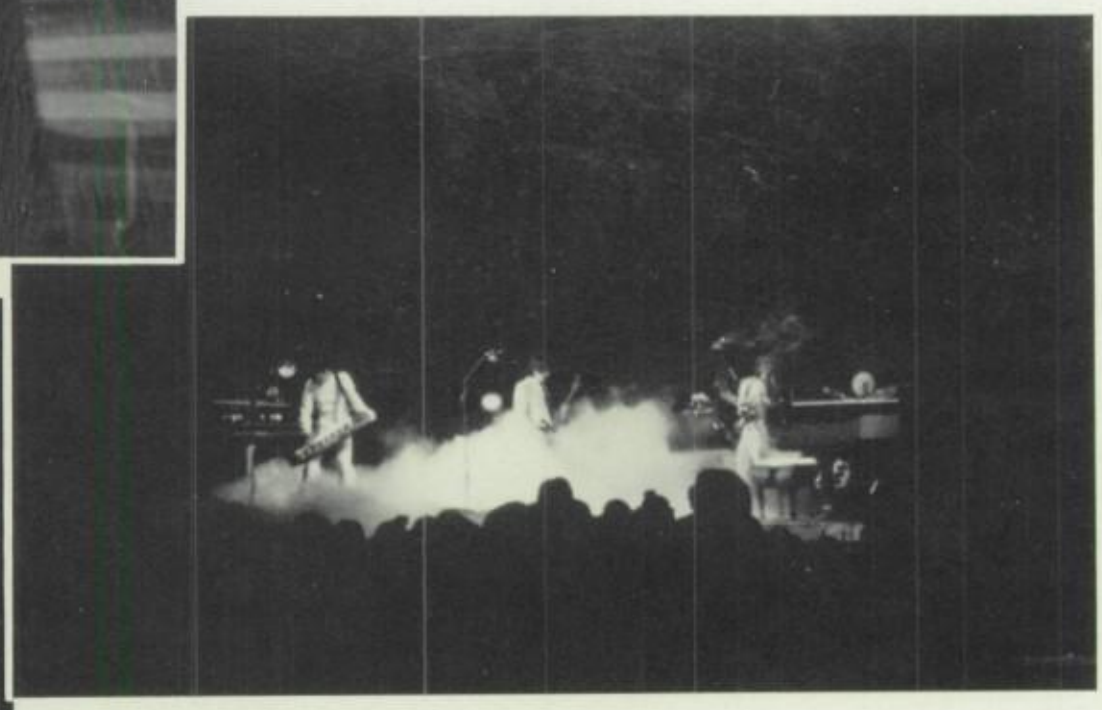
The





Groups





Dramatics Club

One of the most popular and active clubs in the high school is the Dramatics Club.

About once a month, members of the club are given a chance to see a Broadway play, and to experience the Big Apple. Some of the individuals of the group that have musical and acting abilities are able to put the techniques they see to use in their own productions. The members of the club are in grades 9 thru 12.

The club is advised by Mr. Martin Severino and the club attracts more than 100 students a year.

Club Officers

Key Club

Back row — Dolores Romero, Nancy Thornton, Karen Drugan, Linda Pernice, Patricia Christiansen, Diane Christiano, Margaret McTague, Peter Rapanaro, Patricia Laird, Joseph Blassberg, Siobhan McHugh, Ed Cook, Lisa Henn, Mary Zink, Cindy Mercado, *Kneeling* — (L to R) Jeanne Geiersbach, Laura McGuire, Cathy Keegan, Penny Polikoff, Jeanne Hughes, Mary Ruvolo, Chris Maio, Maria Ragusa, Maureen Laird, Arlene Conry.

The Key Club is an organization that enables students to help serve their community and school in many ways. Members participate in activities such as fund raising for charities, ushering at school plays and concerts, and also helping the Kiwanis at their annual Pancake Breakfast. During Christmas, the members of the club visit the Nursing Home and cheer the people up with songs of the Holiday Season.

This year's club had approximately 30 members and was supervised by Mr. Jack Richert.

Health Aides

Diane Rust, Maria Arena, Barbara Hunt, John Gross, Helen Orandello, Veronica Powers.

The busy schedule of Mrs. Keenan, the school nurse, can be helped put back into a more appropriate tempo with the help of one of her health aides. The aides work in the nurse's office on their free periods. They help Mrs. Keenan by filing programs, getting students from classes and doing many small but important tasks.

Mrs. Keenan is very thankful to these aides and hopes to have them back next year.

S.P.O.

1st row — Louise Rapanaro, Chris Ward, *2nd row* — Scott Gallo, Penny Policoff, Barbara Bartocci, Maria Colantuono, Chris Connel.

The Student Peer Organization was formed to help seventh graders. S.P.O. MEMBERS help the junior high students with problems they might have and help them face the future. They provide information and help in drugs, alcohol, and smoking. How to combat peer pressure is another important activity. S.P.O. meets to help East Rockaway students.

S.P.O. is advised by Norma Alter and Jeanne Marks. S.P.O.'s activities have been recognized by many local civil and governmental agencies and has become a model for similar organizations in other schools.

H.O.P.E. Club

1st row — Karin Buckholz, Penny Polikoff, Lidia Romano, Veronica Powers, *2nd row* — Maureen Fitzpatrick, David Abut, Blanch Ustrosky, Ann Kelly.

The H.O.P.E. CLUB (Help Other People Everywhere) is a valuable musician organization, advised by Mrs. Brock. The club helps other people of the world hear the harmony of our music. They do this through such great activities as the annual March of Dimes Superwalk and the annual Senior Blood Drive.

The Student Council is the organization that brings a jingle to E.R.H.S. Members attend regular meetings to discuss school problems. Each member reports to his respective homerooms the activities of the council and tries to make students aware of school activities. The Student Council gives the musicians a voice in their band. Many committees are organized to help meet the students needs. Student Council members work well together as does a great orchestra. Leading the Council is Mr. William Quinlan. He has helped the members over many obstacles and has helped prevent sour notes.

Just as a G clef is over a scale in music, our Student Council leads the way in the student government.

The Gull

"The Gull"

"Extra, Extra, read all about it" is the song that this club brings to us. The Gull is the High School's newspaper. This vital means of communication keeps score of what is happening in and around the school. It is not only a place where a person can gain experience in the field of Journalism, but it is also a place where the students may voice their opinions.

National Honor Society

Advisor — Mr. Martin Severino

The National Honor Society, advised by Mr. Martin Severino, is an honor only a few musicians accomplish. The basis of membership is determined by scholastic achievement, participation in extracurricular activities, strong leadership and fine character. A musician must work hard each year in order to become a member; he must live up to the standards that come along with the title. Membership is something that the musician works hard for, and will cherish, and be proud of all his life.

Volleyball, coached by Miss Karen Colligan was very successful this year. Considering the JV team had many newcomers, their record is exceptionally good. The Varsity team was the first volleyball team in the history of East Rockaway, High School to conquer their division title. The team had an 8-4 league record and proved victorious in their playoff game against Valleystream South, for first place. The team will be losing six senior players, Suzy Ludwig, Dolores Romero, Angela Romano, Chris Skrha, Diane Rust, and Debbie Dellaratta. The senior girls leave with tears in their eyes and are very proud that their last year was a victory.

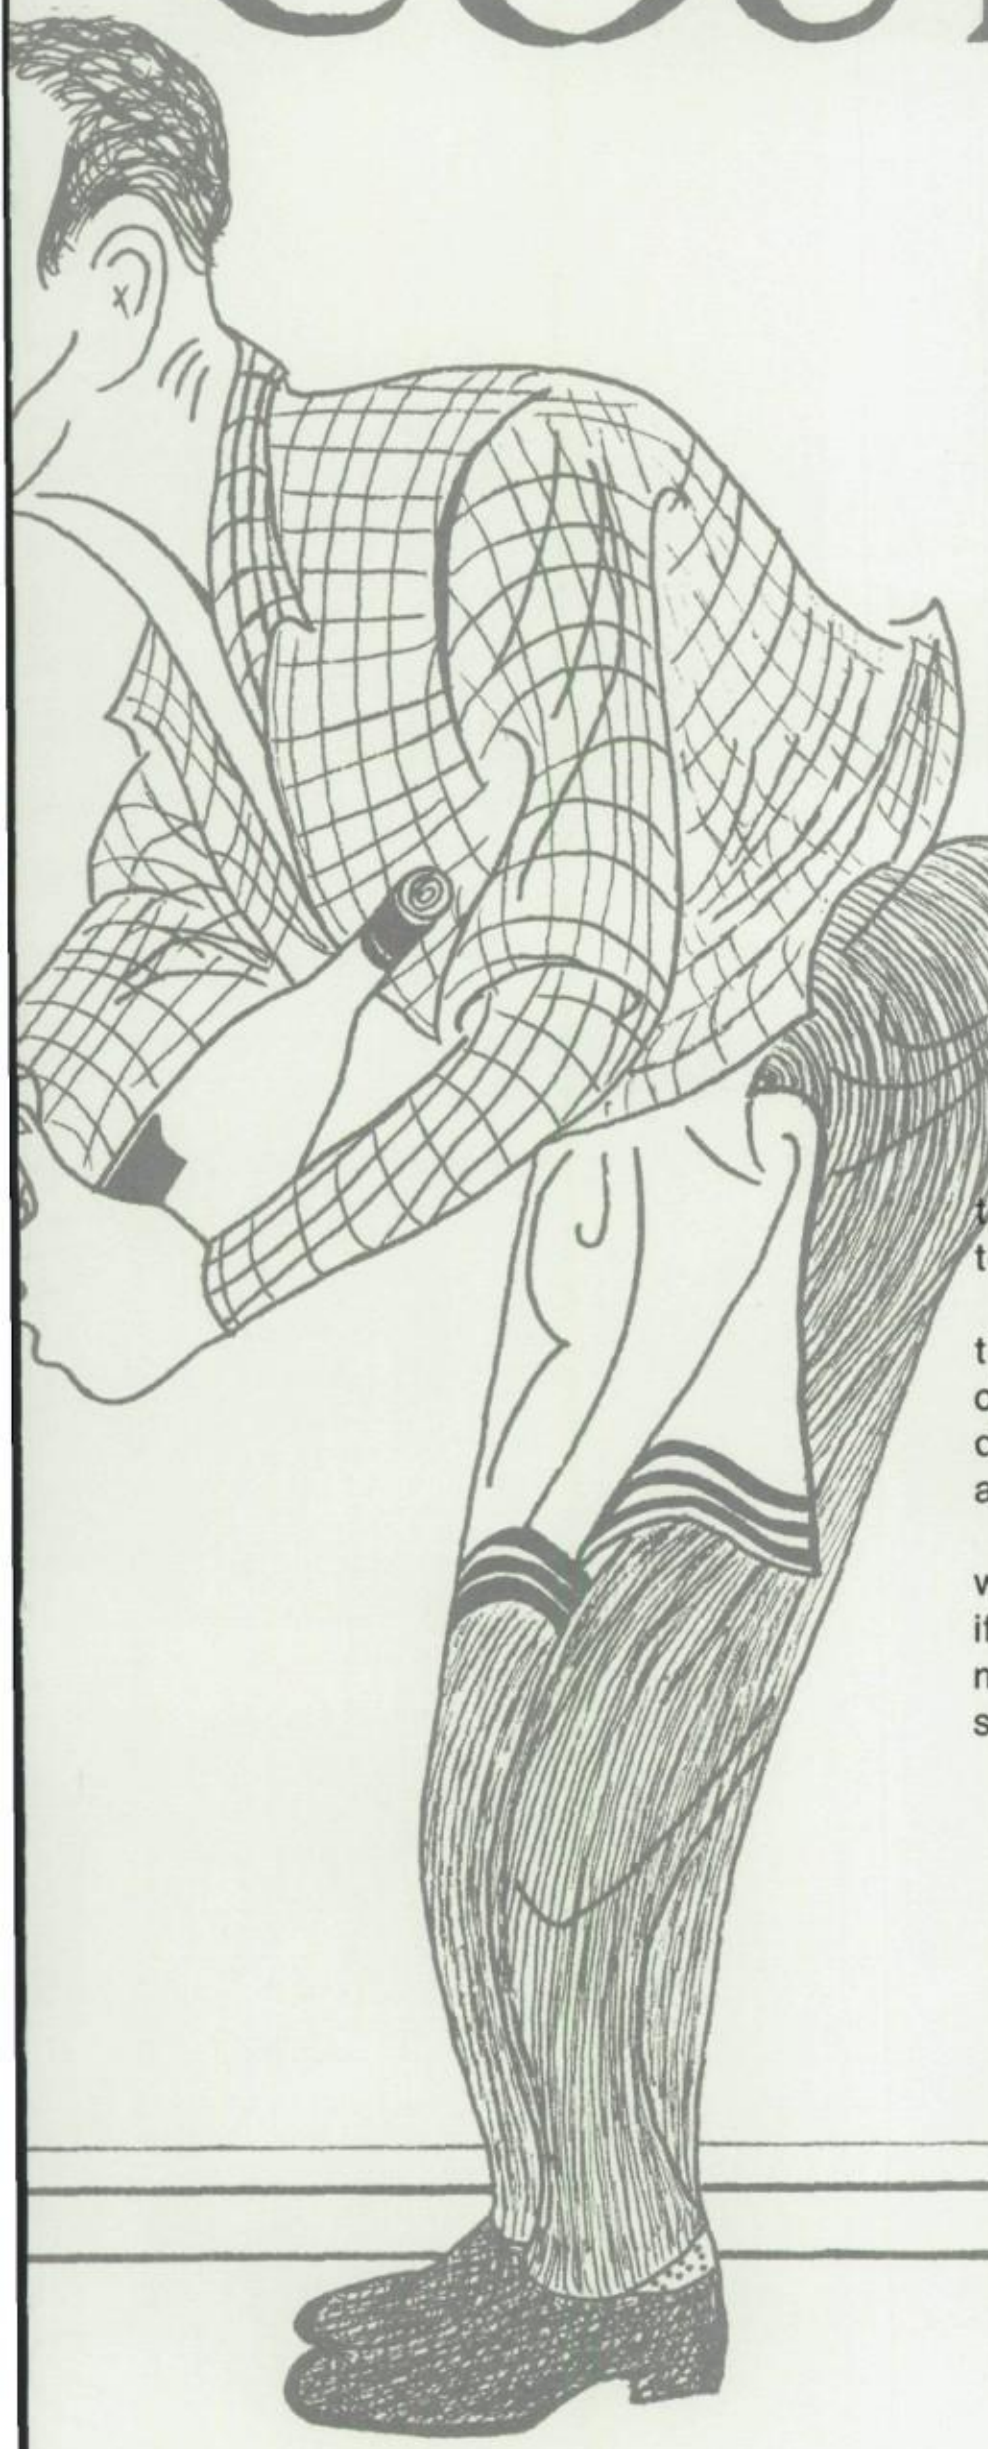
COUPLE



Each year the Dramatics Club puts on a performance in the spring. This year was no exception. We were pleased to perform Neil Simon's "The Odd Couple."

We must thank all who participated with this production. Thanks must also go to Mr. Severino, advisor of the club; Peter Rapanaro, President; Scott Gallo, Vice President; and our student directors, Mary Ruvolo, Secretary; and Jill Brande, Treasurer.

Because of our deadline, pictures were not possible. It was also not possible to say if the play was a success, but if the past productions that *were* performed by the Dramatics Club are any indication, THE ODD COUPLE was a smash.

The Seniors had the magic touch, or so it seemed as the class of 1981 captured 1st place in the 45th Rock Rivalry. We went from Toyland to a little grass shack to Betty Crocker's delicious desserts to magic.

Not too many thought the Class of '81 could win the silver cup because of our first two years which were slow and marred by disappointment. But with the extra years of maturity, and perhaps a*little* touch of magic, we reached our goal, also with the help of our athletic prowess, as well as our artistic and performing talents.

Through our disappointments in earlier years, we believe our class showed true sportsmanship. We also proved, as have other classes, that Entrance is not Rock Rivalry, though the winning of both would, of course, have made the victory sweeter. In the true spirit of Rock Rivalry, we did the very best we could and that's what mattered, however.

As we leave East Rockaway High School we know that we have achieved many great things of which winning the cup was easily the highlight.

"Our magic touch, our magic touch,
All the way,
Will keep us singing and keep us dancing,
All the day.
We made our last appearance before we go on our way.
We are seniors.

The Freshman Class Presents Scotch on the Lochs

It is our pleasure tonight to have the opportunity to entertain you with our production, "Scotch on the Lochs". When a Scottish family is given a threefold ultimatum, they are forced into a predicament that could destroy their lives. That is, unless an unexpected visitor can help them.

Although this is our first year of Rock Rivalry and we are inexperienced, we have had an important advantage. Fortunately, we learned to begin our work early as a class. It's been difficult, but we've tried to stick with each other no matter what obstacles (and there were many) blocked our path. If nothing more, it will bring us, as individuals, closer to each other. We only hope that, as we continue through the years, the bond holding us together will grow even stronger.

It is with deep appreciation that we thank our over-all chairpersons, Debbie Jensen and Michael Reo, and our entrance chairpersons, Chris Del Giorno and Greg Webster, all of whom are responsible for bringing about this union. Of course, we can't forget our Junior colleagues who have guided us through a trying and frustrating maze, so that now the Freshman "sea" the light. Mr. Severino and Mr. Richert were wonderful for giving so much of their own precious time. Our sincere thanks, admiration and love for Mrs. Mary Orzano, truly our guiding light!

Rock Rivalry has proven to be a marvelous experience, one that none of us will ever forget. We are grateful to every participant in every class for making this competition possible and enjoyable. Fellow classes, *Good Luck!*

The Sophomore Class Presents Vaudevillains

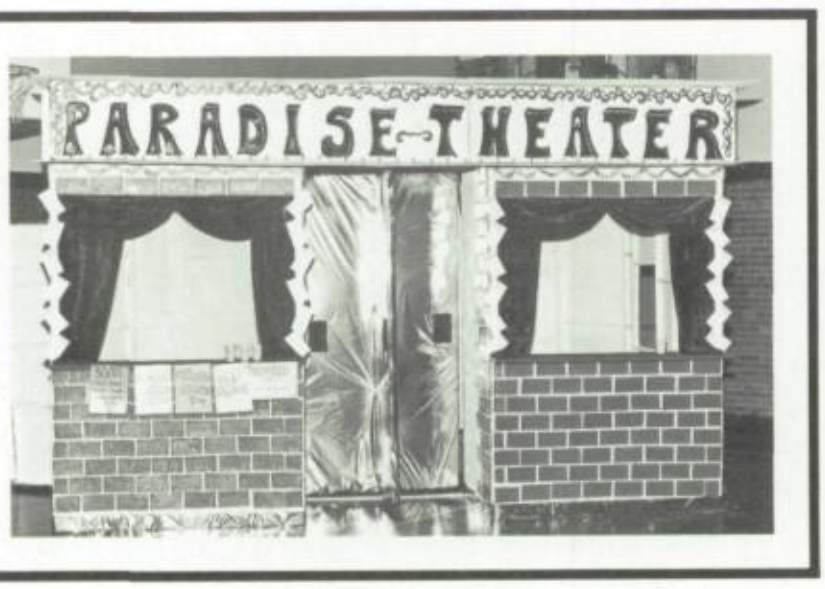
Remember the good old days when Vaudeville was the most popular form of entertainment? Well, tonight the Sophomore Class of 1983 invites you to relive those days with us!

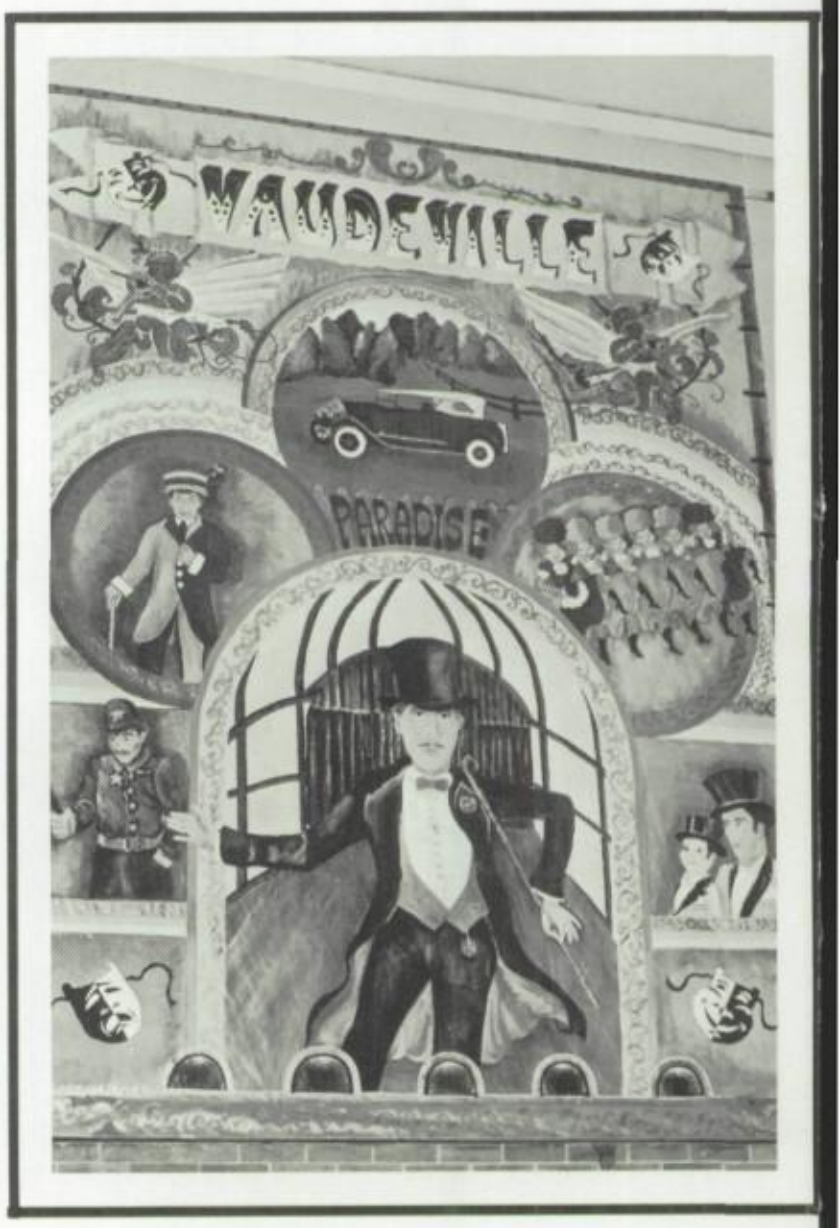
Our story revolves around the Paradise Theater, and old Vaudevillian showplace where financial matters are at their worst. The performers of the theater are disappointed at the owner's procrastination in paying their salaries and they threaten to work at a nearby theater where the pay is better and the audiences bigger. However, in this nearby theater, illegal actions are taking place. Confusing? Just sit back, relax and intermingled with song and dance see our story unfold.

As the close of our second year in Rock Rivalry draws near, we are grateful to have the experience of working together as a class and to strive for one main goal once again.

This entrance could never be what it is tonight without the undying efforts of our entrance chairpersons, Neal Greenspan and Joe Blassberg. A special thank you must also be extended to our general chairpersons, Joeseph Mihalich and Anne Kelly, whose hard work and dedication made this year's Rock Rivalry a success. Mr. Martin Severino and Mr. Jack Richert must also be thanked for their help, advice, and guidance. Mrs. Mildred Brock and Mr. Howard X. Pollock, our class advisors and two of our dearest friends, can't be thanked enough for all the time and energy that they put into our class. We would like to extend a note of special thanks to Ms. Joan Faucher, our sister class advisor, Last, but not least, we'd like to thank you, the audience, for coming to share with us this wonderful event.

Good luck and best wishes to all the other classes, but especially to the Seniors, our faithful sister class. May your last year in Rock Rivalry be your best!



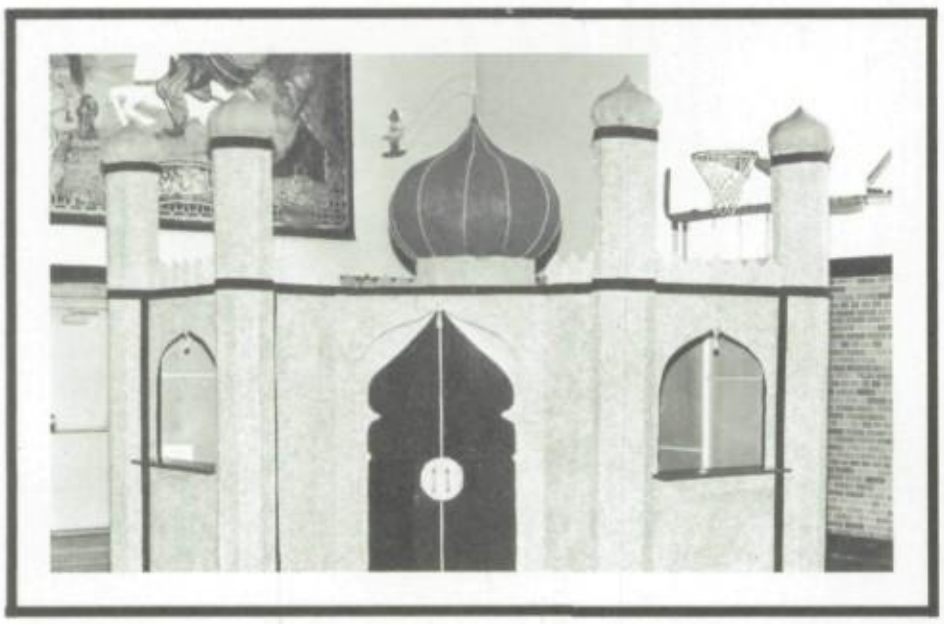


The Junior Class Presents
Tongue in Sheik

Ten thousand greetings! On this Arabian night, the Junior class of 1982 presents "Tongue in Sheik." In this bizarre (or rather, bazaar) tale, we meet the local merchants of the Kingdom of Washeem. Two of these traders, the lovely Fatima and her betrothed, Raschid, seem to be on their way to a lifetime of happiness together, until our Sultan of Sultans and Sheik of Sheiks and his domineering adviser, the Grand Vizir, step in for the purpose of finding an addition to the royal harem. As for the heart-wretching drama in this entrance, forget about it because it's all "tongue in sheik!"

At this time, we would like to express our appreciation to those people who have worked so tirelessly over the last seven weeks in order that this night would be our best effort. Our thanks go to our overall chairmen, Jim McHale and Mark Gottcent, to our entrance chairmen, Jill Brande and Muriel Keiley, and to our two wonderful co-advisers, Mrs. Catherine Palmeri and Miss Nancy Newell. We cannot thank them enough for all their hard work. To the Rock Rivalry Chairmen. Mr. Severino and Mr. Richert, we thank you for your invaluable assistance and guidance. Finally, to all who worked so hard, it should be remembered that it is every person's contribution that makes up a class, so thank you.

As the end of Rock Rivalry draws near, we give our most sincere wishes of good luck to all the classes, especially our sister class, the Freshman. We know that this is just the beginning of many successes that lie in your future.



The Senior Class Presents
Make Mine Magic

Good Evening! With great pleasure and sadness, the Senior Class welcomes you to our final entrance production.

We will now take you through the Land of Perfectoria, a land where reality doesn't exist. In this land everything is perfect, except for one magician who attempts to leave his mark, but fails. He is ridiculed by all the town but one girl who feels he can be a success. We will bring you through his mind, into his dreams where nothing is perfect. It is here where he gains his confidence by helping others. When he awakens, you will see what a little confidence can do.

Over the past three years, we have had the opportunity to read all the final Senior notes of appreciation to the many dedicated individuals. This year we are the class that sincerely extends these appreciations of gratitude. We would like to thank all those who have contributed to the success of Rock Rivalry.

Our entrance could not be possible without the magical touch of our entrance chairmen. They are two year veteran Scott Gallo and new-comer Peter Gremse, whose dedication and devotion are greatly appreciated. To our four year over-all chairpersons Keith Lane and Margaret McTague, we extend our thanks, for their hard work has kept us on our toes. We would also like to extend our special thanks to all the parents who have opened their hearts and their homes to us. Our appreciation could not fully be expressed without special thanks to our class adviser, Ms. Joan Faucher. Through her encouragement and confidence, we have learned responsibility and unity — working together for a common goal. Last, but not least, are the thank yous we extend to Mr. Martin Severino and Mr. Jack Richert for their help, guidance, and tolerance over the last four years.

The Seniors would like to wish each class the best of luck, especially our sister class, the Sophomores.

Bagel Vendors

Each year the Senior class in an effort to raise money sells bagels after school. This year the senior class sold many during the morning and afternoon. Much thanks should go to the sellers who sat sometimes in the cold hallway or got up at 6:30 in the morning to sell.

Thanks to all who supported the class.

Blood Drive

Each Year the Red Cross conducts the annual Blood Drive. If a player is at least 110 pounds he or she is able to participate in this life saving event. This year, 55 brave students gave a pint of blood.

We must thank Mrs. M. Brock and Mrs. A. Keenan for their help and dedication. Thanks must go to Chairman Peter Rapanaro and Diane Rust who were unable to give blood but instead gave of themselves.

Thanks to all who gave and to all who helped out with the successful drive.

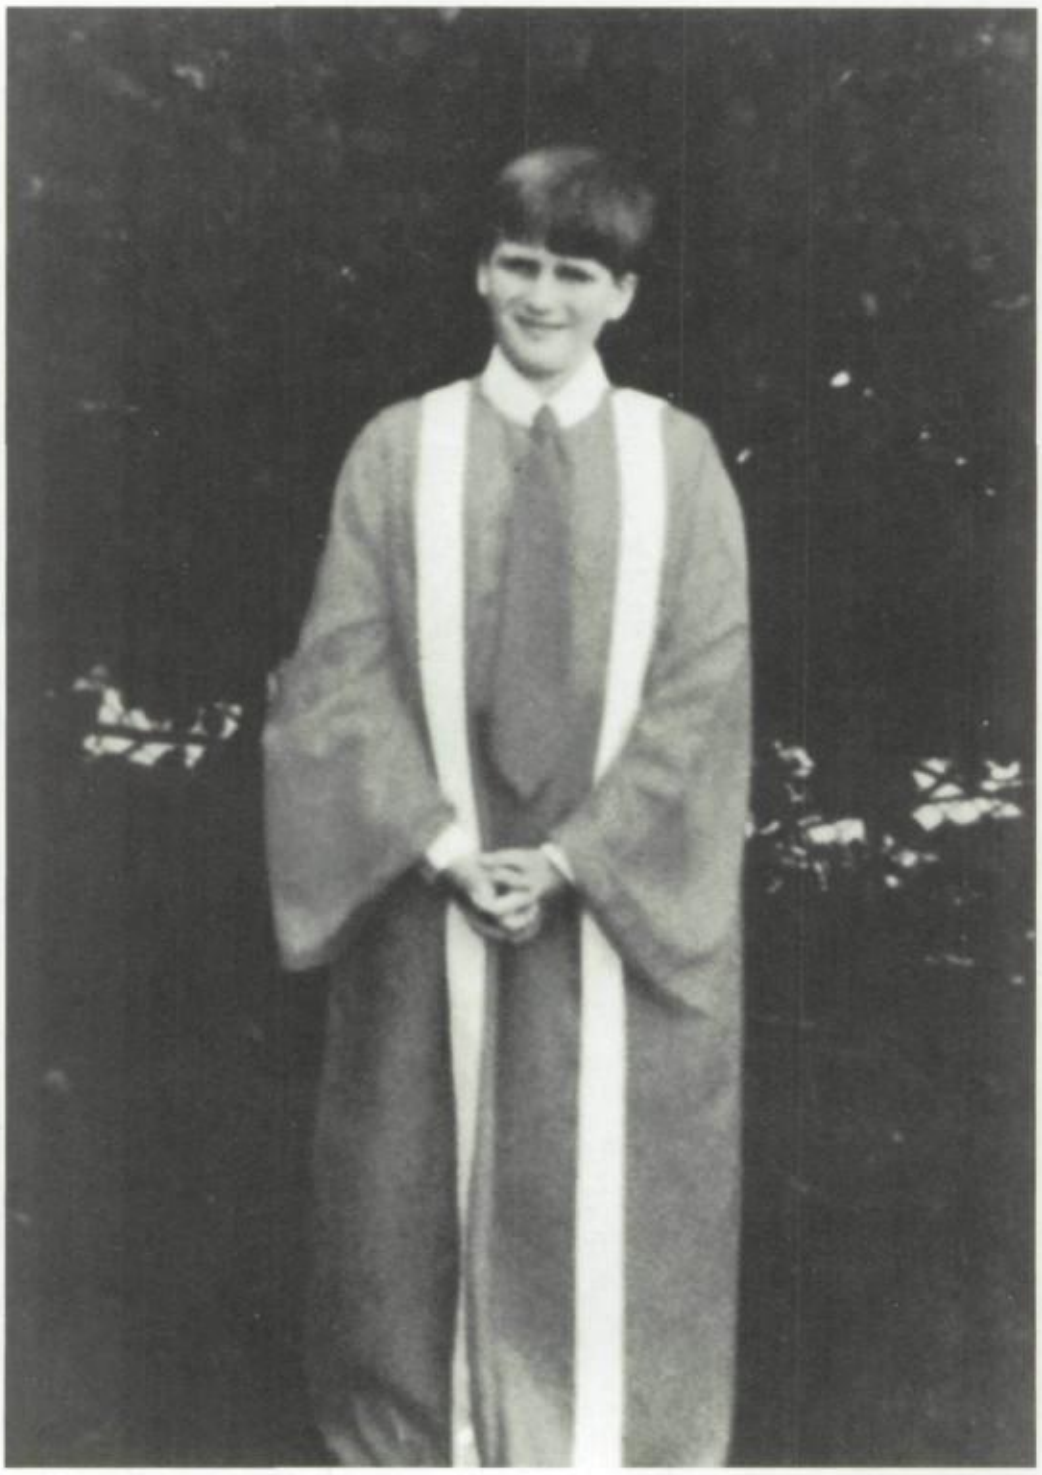
In Memory of
Thomas J. Kelly



Life is like a very sad melody. When the song is complete we are left with a feeling of emptiness.

Although the song is over we have a feeling of fulfillment for we enjoyed hearing the music.

Peter R. Rapanaro

Dear Mr. Morse,

For 12 years this school has been lucky to have you as its conductor. Although we know your job was not easy, you made it look enjoyable. Even when you made some unpopular decisions, you always made some good point about them.

We want to thank you for 12 years of dedication and leadership. We also hope your retirement allows you to spend time with your family and friends. But never forget your family and friends here at East Rockaway High School or in the community of East Rockaway, for we will not forget you . . .

P.R.R.

Editor's Note

"Anticipation" and "High Hopes" is how we approached the start of this project. And we must say it was an enormous project. We made some sour decisions, a few enemies and some new friends on the way, but, overall, it was a new and sometimes enjoyable task.

Excellence could not be achieved by only a few, but many who were involved with this book: Mr. Martin Severino who guided us not only as an advisor and teacher but, most important, as a friend. Mr. Charles McAnulla who took the "Heartaches" of the book and turned them into "Happy Faces".

A very large ovation must go to our Assistant Editor Peter Gremse who took over the band while Margaret and I were occupied (which was most of the time). If it were not for him, the completion of this book would still be a part of our "Dreams".

A yearbook is a picture book which tells a story and we owe a great deal of applause to Keith and Peter for their contributions to the photo dept. Thanks to Robert Kipling for his time and effort also. Louise and Diane M. and the entire business staff (especially John Celiberti) must be thanked for their "Money" raising efforts. To Cookie, Laura, for her clever work as Art Editor, we must give thanks. Some thanks must be extended to Diane C., Suzy and Arleen and the sometimes non-existing Literary Staff in helping "Write the Songs". And to Nancy Sykes, Nancy Thornton, Kelly Humes, Helen Berwind and the small typing staff for their work.

Lastly, we would like to thank everyone for all their help, cooperation and bearing with our faults throughout the entire year. Every page may not be what we wanted it to be but the book is complete; our work is done. We had some hard times and had some fun. We know we all have become "One", so enjoy, Class of '81.
